his place. There were a lot of mistakes in the programme submitted by him since he was quite new to this office work. So it had to be sent back again for correction. After receipt of the programme it was sent to the Government Press for publication in the same Gazette. Unfortunately, on account of the interim correspondence, some delay was caused for the publication of the tour programme and it was delayed. At the same time orders were issued that such delays should not be caused in future.
